Uta and Kaoru

They are childhood friends since their parents have known each other for about 8 years. However, their close relationship was affected by family issues for a while. Kaoru thinks that she and Uta are close because they have gotten along well like sisters, but she has been feeling lonely now that Uta is spending less time with her.

Uta and Kuro

High school second grade, different classes. Because both enjoy personal time by themselves, their friendship is quiet when they are together. Perhaps they are comfortable with each other, hence they enjoy hanging out. Even though Kuroe has no interest in romance, she is very interested in Uta's unrequited love matter.
